Mr. R. L. Bannerman  
Deputy Director for Support  
Central Intelligence Agency  
Washington, D.C. 20505

Dear Mr. Bannerman:

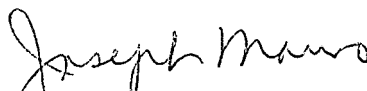

Permission is granted for CIA employees to use our access roadway from Virginia State Route 193 to the entrance roadway you will construct into your West Parking Lot, as shown on your drawing No. 00327, dated January 5, 1968, with CIA financing all costs of construction. We agree with this arrangement, subject to the following conditions, some of which you already agreed to:

1. The CIA shall provide a traffic director to prevent morning and evening traffic from going north to where our access road intersects with the new entrance road to the West Parking Lot.
2. After the morning and evening rush hour the traffic director will lock the security gate between our properties. CIA employees will not use our access road between rush hours or on weekends.
3. The entrance gate at Route 193 is closed at 6:30 p.m. and opened at 6:00 a.m. daily. CIA employees will use own gates before and after these hours.
4. CIA will participate in the cost of repairing damages to the roadway that may be caused by the additional traffic use; specifically that section between the Route 193 entrance and the roadway into the West Parking Lot.
5. Any violation of these conditions shall give sufficient reason to revoke this permit.
6. Should the use of our access road by CIA employees cause serious problems to the CIA or the Federal Highway Administration, either reserves the right to renegotiate this permit or any of its conditions.

Please indicate your acceptance of the aforementioned conditions by signing in the space provided below and return to me. An additional signed copy is enclosed for your file.

Sincerely yours,

Joseph Mauro, Interim Chief  
Administrative Services Division

The Central Intelligence Agency accepts and assents to these conditions.  
R.L. Bannerman, Deputy Director for Support
